

## About Us

The RAFT Dementia Support Program is a new initiative in Northern Virginia that is part of the RAFT Program. The RAFT Dementia Support Program fulfills a vital community need for individuals with dementia and their caregivers, providing comprehensive education on dementia to improve caregiver resilience while improving safety and stability in the community.

## Our Mission

The RAFT Dementia Support Program aims to give individuals living with dementia, their family, and their caregivers the information and tools to live with dignity, respect, and meaning.
